Matthew Driscoll, Artistic Director

Why Durward?

Music heals. In our tumultuous world, Durward tells stories of healing and hope. We are a chamber ensemble that specializes in the new music of American composers. We are proud to share our vision for '21-'22 and beyond, and we thank you for your support!

Long-Term Goals: Reach national audience in five years; expand education arm to K-12; connect established composer-mentors with students/emerging artists; engage artists across multiple disciplines in collaborative works.

2021-2022 Action Plan: Expand season to 3+ engagements; embark on first residency outside the Midwest; commission two prominent composers, Nia Franklin (Miss America '19) and Martha Horst (ISU); record second album, featuring two nationally acclaimed vocalists.
